

# Customer Notification

---

DOCUMENT NUMBER: B-CN-003-ENG Rev. A DATE: February 28, 2012

**Subject: Discontinuation of Part Number 100431 -  
Kit Fuse Slo Nano SMF 0.5 125V (FIE)**

## Scope

All FIE Compressors – Soft Start Revision D or earlier.

## Supersedes

No document is superseded by this document.

## Purpose

To inform customers of the discontinuation of Part Number 100431 – Kit – Fuse Slo Nano 0.5 125V (FIE).

## Summary

Kit Number 100431 – Kit – Fuse Slo Nano 0.5 125V (FIE) will no longer will offered by DTC as a Maintenance item.

## Alternative

Use Kit 100433 Kit- Fuse Nano SMF 1A 125V (FIE). The 1A fuse in this kit can be used instead of the 0.5A fuse that was included with Kit 100431.

**Note:** If you still have stock of Part Number 100431 kits, they can still be used with Soft Start Revision D or earlier.
