Customer Notification

B-CN-015-EN REV A

June 29, 2015

SUBJECT: Danfoss TurboTool™ Mobile Application

Purpose

Danfoss introduces the new TurboTool™ app to help technicians troubleshoot Danfoss TurboCor compressors on site.

Summary

Background

The new versatile mobile app saves technicians time by helping to quickly identify potential service issues and find possible solutions.

Danfoss TurboCor Compressors has launched its new TurboTool™ mobile app, designed to help simplify troubleshooting of Danfoss TurboCor compressors in the field. By downloading the app to your mobile device, field service technicians can identify service needs, potential issues and remedies, and prepare for necessary actions. The app provides instant, remote access to compressor troubleshooting and quick reference charts, and is available for iOS and Android devices.

TurboTool™ app icon
