**SUBJECT:** TT & TG Spare Parts Selection Guide Update

## Purpose

This is to inform our customers that Danfoss Turbocor has revised the **Spare Parts Selection Guide**. The newly revised Spare Parts Selection Guide now includes the accessories previously located in our Accessories Manual. As a result, **we no longer have the Accessories Manual on our website since the content is now combined in a single document**. In addition to the incorporation of the Accessories Manual, we have also made other small updates to the Spare Parts Selection Guide.

## Action Required

The latest revision of our Spare Parts Selection Guide is available on our website. Please navigate to [www.turbocor.com](http://www.turbocor.com), select login, and enter the Customer Support and Service section of the website.
